to all the family and hope you have all
had a Merry Christmas and wish you a
happy new year. I certainly should have
sent you something to keep up Christmas

But only wait your answer and will
make it a Gift for the New year if received
A Letter from My Brother John wherein

He informs Me of Great Sickness in the
West Indies but keeps his health and is
Belonging to his Majesty's Ship Le Sage

I shall wait your answer with impatience

And have nothing more particular to add

But my constant prayers for your welfare

Best wishes to all Enquiring friends
Remains your Affectionate and Loving
Son till Death.
